

A Film Screening of  
*In the Family*

Followed by Q&A with Filmmaker Joanna Rudnick  
Tuesday, November 18, 2008 at 6:30 pm  
Clark Center Auditorium  
Stanford University School of Medicine

When Chicago Filmmaker Joanna Rudnick tested positive for the "breast cancer gene" at age 27, she knew the information could save her life. She now faces an impossible decision: remove her healthy breasts and ovaries or risk incredible odds of developing cancer.

Sponsored by: Stanford Cancer Center, Program in Bioethics and Film, CIRGE, MS in Human Genetics & Genetic Counseling, SCBE, Film and Media Studies program, Dept. of Art & Art History
